

To Whom it May Concern:

Please leave XM Radio free to provide whatever services are useful to us (The People.) The airwaves belong to us, NOT the National Association of Broadcasters!!! They are just afraid of the competition because XM Radio is on the right track of bringing useful & wanted services to us. This is supposed to be a free country! Please, Let's at least try to keep it that way! Leave my XM Radio Service Alone!!! I Don't need or want the NAB's interference in my pursuit of Life, Liberty, & The Pursuit of Happiness!!!

Sincerly Concerned:
